Reminders for 21st CCLC Grantees

- Grantees are responsible for co-applicant's assurances.
- This information should be updated and maintained by the grantee.
- Please notify your principal consultant with any major changes.

Extended Learning Time

- ISBE does allow for ELT.
- ELT must be approved in the original application.
- Under ESSA, the requirements for ELT have changed.
 - “[ELT] provides students at least 300 additional program hours before, during, or after the traditional school day; [it also must] supplement but not supplant regular school day requirements”.
- Your program will need to describe and provide evidence (i.e. program schedule, principal letter of support, district approval etc.) of how it will be able to meet this requirement before ELT is approved.

Fees and Fundraising

- Fees and Fundraising
 - Per The US Department of Education (ED) each state has to submit a request to allow grantees to charge fees as well as establish how fundraising dollars will be used.
 - We have submitted our request for permission after setting our parameters based on the current RFP and best practices.
 - Please watch for updates that will be broadcasted once our request has been approved by ED.

Out-of-State Travel

- Out-of-State travel is permitted...
 - If it is allocated in the budget.
 - If it is connected to a goal or innovative programming.
 - If the form is **SUBMITTED and APPROVED 45 day BEFORE** travel.
 - The form can be found on the ISBE website on the 21st Century page (https://www.isbe.net/Documents/43-44_out-of-state-travel.pdf).
- Students are not allowed to travel out-of-state overnight.

Grant Periodic Performance Report

- This a measure of self reporting that the State would like to use to collect data.
- 21st Century uses this data as well as our own data collection systems.
- The objectives and deliverables are derived from our 21st Century RFP.
- Please submit your Grant Periodic Performance Report (GPPR) when the window to submit is available.
- We are working hard to approve/disapprove them in a timely fashion.

Example of UGA Exhibit B Section

1. ABC program offers academic enrichment and club activities daily.
2. This is to increase student participation in after school programming.
3. Social emotional learning sessions are scheduled to take place within the next few weeks.

Example for Results/Accomplishment Section

1. Source for Measurement 2.a.1: Attendance Rate: We offered programming four days a week during the first reporting period. Due to this, we have seen an increase in the number of students that attend school daily as well as our program.
2. Source for Measurement 3.a.2: Suspension: We have seen a decrease in the number of suspensions this year. The administration has attributed this to our after school program attendance.
3. Source for Measure 6.a.2 Attendance at Workshop: This goal was met when I attended the Fall Workshop hosted by AIR and ISBE on October 10, 2018.
